NOSTRADAMUS AND THE PLANETS OF APOCALYPSE (PAPERBACK)

Book Tree,US, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This book maps out the entire historical chronology of planetary cataclysms starting in 4309 BC, covering the cyclical return of Nibiru, the planet Phoenix, and more. It also reveals the code for understanding the prophecies of Nostradamus, showing when they have occurred in the past, or when they will occur in the future. It takes the work of Mario Reading, who first broke the code, and shows how it perfectly applies to all of Breshears previously made cataclysmic predictions for the years 2040 and 2046. Mr. Reading made mistakes in interpreting some quatrains for the years 2001-2012 that did not involve his code, so his work has been largely dismissed. Breshears brings Reading's work back to life with stunning clarity, and takes it one step further in our understanding of prophetic events. Also covers the predictions of Mother Shipton, who was not only a contemporary to Nostradamus, but made the exact predictions Breshears and Nostradamus made concerning two large scale global catastrophes that will occur six years apart. Despite the many predictions of others, the year 2012 passed with no worldwide cataclysmic events because, according to the author, they were never interpreted or explained correctly, until now. The author remains unmatched in his in-depth research regarding historical and geological cycles, which in turn allows him to accurately map major planetary events, past and future, many of which are outlined in this book.
