Studies in International Taxation (Paperback)

By -

The University of Chicago Press, United States, 1996. Paperback. Condition: New. New edition. Language: English . This book usually ship within 10-15 business days and we will endeavor to dispatch orders quicker than this where possible. Brand New Book. As the global economy continues to evolve, events such as the unification of European markets have prompted economists and policymakers to consider whether the current system of taxing income is inconsistent with the trend toward liberalized world financial flows and increased international competition. To help assess the effectiveness of existing tax policies and incentives, this volume presents new research on how taxes affect the investment and financing decisions of multinationals today. The authors examine international financial management, business investment, and international income shifting. The first three papers focus on financial management. Chapter 1 analyzes how tax and non-tax factors affect the relative importance of portfolio equity investments versus foreign direct investments and finds that the composition of equity flows differs dramatically according to tax differences. The authors of the second chapter look at the impact of U.S. and Canadian tax reforms on the financing of U.S. multinationals operating in Canada. Chapter 3 uses new data from 1986 corporate income tax returns...
