## Introduction to Computer Programming (Paperback)

By Derek Felsher

Createspace, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. This is a simple, practical book that anyone can understand. It is written to talk the reader through the wonderful world of computer programming. When I was a lecturer at a computer programming school, it always turned out that the students who achieved the highest marks in the class were the ones that grasped the concepts of programming. They understood the fundamentals of what programming languages can do and thereafter they just had to learn the rules on how to apply them. There are many different computer programming languages but generally, they all apply the same concepts. It s like telling a dog to fetch a bone either in English, or Chinese. You need to understand that the dog can fetch the bone. This book is written in layman s terms throughout. The aim of the book is to explain the different tools that are used to develop a program, that are common to all computer programming languages. I have provided examples of what a program might look like for each concept. Once the concepts are understood the reader can then start...
