CASCADE BOOKS, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.This collection of essays is drawn from a series of previous collections to which the author has contributed that were designed to honor senior scholars in the discipline of Old Testament study. Each of these essays reflects a distinct intention depending on the nature of the original collection in which they appeared and the scholar who was being honored. Taken together, however, this collection amounts to an articulation of Brueggemann's distinctive approach to theological interpretation of the Old Testament. Already in his major volume on Old Testament theology, Brueggemann proposed a dynamism of tension, dispute, and contradiction as the text of ancient Israel sought to give voice to the mystery of God as a sustaining and disruptive agent in the life of the world. Over a long period of time, this collection reflects the author's growing clarity about the task of Old Testament theology. It further reflects on the nature of the biblical text and the way in which the God who inhabits the text runs beyond all of our attempts to define and explain. These essays reflect not so much on methodological issues, but take up the substantive questions that regularly occupied these ancient text-makers. This book collects several eloquent, eminently readable essays by Walter Brueggemann that lay display his interpretive approaches to Old Testament theology. The book can serve both as introduction to his theological legacy and to his work as a public theologian during many battles of our times. Using language that never fails to engage, he illuminates texts, the world, and relationships between the two. --Kathleen M. O Connor, William Marcellus McPheeters Professor of Old Testament emerita, Columbia Theological Seminary, Decatur,...
