Reviews

An incredibly great book with perfect and lucid answers. Better then never, though i am quite late in start reading this one. You will not sense monotony at whenever you want of the time (that's what catalogues are for relating to if you question me).

It was a Sunday morning in the beginning of April 1813, a morning which gave promise of one of those bright days when Parisians, for the first time in the year, behold dry pavements underfoot and a cloudless sky overhead. It was not yet noon when a luxurious cabriolet, drawn by two spirited horses, turned out of the Rue de Castiglione into the Rue de Rivoli, and drew up behind a row of carriages standing before the newly opened barrier half-way down the Terrasse de Feuillants. The owner of the carriage looked anxious and out of health; the thin hair on his sallow temples, turning gray already, gave a look of premature age to his face. He flung the reins to a servant who followed on horseback, and alighted to take in his arms a young girl whose dainty beauty had already attracted the eyes of loungers on the Terrasse. The little lady, standing upon the carriage step, graciously submitted to be taken by the waist, putting an arm round the neck of her guide, who set her down upon the pavement without so much as ruffling the trimming of her green rep dress. No lover would have been so careful. The stranger could only be the father of the young girl, who took his arm familiarly without a word of thanks, and hurried him into the Garden of the Tuileries.
