Sehnsucht Publishing. Paperback. Condition: New. 246 pages. Dimensions: 9.0in. x 6.0in. x 0.6in. Is evolution an enemy to faith Can God, Scripture, and science be reconciled What evidence is there for evolution Is it true In this tour de force of scientific rigor and biblical insight, biologist Aaron Yilmaz examines the Creation vs. Evolution controversy from a scientific and biblical perspective, undergirded with psychological and philosophical understanding. With over 600 citations from peer-reviewed scientific journals, books, and university literature, he objectively and exhaustively investigates the evidence for not only an ancient earth but for the reality of evolution. With humility, humor, and wit, Yilmaz presents a surprising harmony between science and God, far more satisfying than Creationism or Intelligent Design. This fast-paced and engaging book powerfully demonstrates how science and faith, when properly understood, do not conflict and on the contrary lead to a deeper appreciation of God and a more intellectually fulfilling and spiritually rewarding life. Aaron R. Yilmaz holds an M. S. in Biology from the University of Saint Joseph, West Hartford, Connecticut (2015), and a B. S. in Biology with departmental honors from Oakland University, Rochester, Michigan (2013). He has formally studied evolution at both the undergraduate and graduate levels and has performed research leading to peer-reviewed published scientific literature at both levels. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
