iUniverse, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Power in the Blood (revised version) is an adventure in ideas that explores many interrelated aspects of philosophy, faith and science in order to highlight the true dimensions of human nature and of the Magnum Mysterium (thus called in mediaeval times) in which we are embodied and imbedded. Those dimensions of body and soul, of science and spirit, are revealed by a nonreductive philosophy of broader reach than what any gospel of godless oblivion as the ultimate arbiter of human fate would have us to believe. To affirm such concepts, that surely favor better than their opposites the long-term continuance of our self endangered species, provided one motive to construct the most promising and least prejudicial world view, enlisting philosophy, faith and science in a trinity of mutual support, that for the author seemed humanly possible. An enriching, immersive experience for anyone...
