Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. 7 KEYS To Unlock Your Full Potential is a book filled with the incredible promise for those readers who may better understand the TRUE relationship between the conscious and subconscious areas of the mind. The reader will be taken on a journey toward a doorway that opens a life of expanded opportunities and potential successes. The book does not require a leap of faith. The principles and techniques presented herein are both practical and well documented by modern science. The following is an eloquent description and summary of this book. There is a musical form termed call and response in which a distinct phrase is played by one musician and a second phrase forms a commentary on or a response to the first phrase. This mirrors a tradition characteristic of African and African American Christian worship in which the speaker makes a statement and the congregation responds with an affirmation, amplifying and clarifying the initial statement. This work by Murphy and Jensen is an exquisite example of call and response-Murphy asserts, Jensen elucidates. Their subject matter may have sometimes been dismissed as too far out or not based on verifiable scientific evidence, but in page after page the call is a clear, declaratory statement of conviction and the response is an offering of anecdotal evidence which becomes increasingly compelling as the chapters accumulate. If it is not enough to convince the skeptic, it is at least enough to shake the certainty and smugness of its critics. Read this and sing! -Daniel K. Church, Ph.D., President, Bastyr University.
