THE PRESCRIBERS GUIDE TO THE HARROGATE MINERAL WATERS (CLASSIC REPRINT) (HARDBACK)

Forgotten Books, 2017. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Prescribers Guide to the Harrogate Mineral Waters Some years since, I made a tour of the English watering places, almost as a matter of curiosity, when, to my no inconsiderable astonishment, a closer acquaintance with Harrogate showed me that it possessed a collection of mineral waters not approached by any locality in England, and only surpassed by one in Europe, viz: the volcanic district of Naples. A combination of circumstances such as a dozen years residence amidst the thousands of thermo mineral springs of Naples and of Southern Italy and Sicily; some thirty journeys across Europe, taking in many of its great spas, trips to Sara toga, the solfataras, geysers and hot springs of Iceland, gave me data by which to estimate Harrogate and its waters.
