Reviews

A whole new e book with an all new point of view. It is one of the most incredible book i actually have go through. I am easily could possibly get a enjoyment of reading through a written book.
(Nathanael Treutel)

PROFILE METHOD FOR CLASSIFYING AND EVALUATING MANUSCRIPT EVIDENCE

William B. Eerdmans Publishing Company, United Kingdom, 1982. Paperback. Book Condition: New. 231 x 155 mm. Language: English . Brand New Book ***** Print on Demand *****.The great number of New Testament manuscripts makes the task of citing evidence in text-critical studies appear to be overwhelming. Since it is not practical to cite all of the manuscript evidence, scholars have attempted to find representative texts. Long ago they noted that many of the manuscripts were related, i.e. certain groups of manuscripts share certain combinations of variants, probably because members of the groups are descendants of the same manuscripts. The profile method is Professor Frederik Wisse s attempt to establish an accurate and rapid procedure for the classification of the manuscript evidence on any ancient text with large manuscript attestation, and to present an adequate basis for the selection of balanced representatives of the whole tradition.
