Foreign Cyber Threats: Small Business, Big Target: Hearing Before the Committee on Small Business, United States House of Representatives, One Hundred Fourteenth Congress, Second Session, Hearing Held July 6, 2016. (Paperback)

By Professor United States Congress

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Small business cybersecurity has been a top priority for our Committee throughout this Congress. In our previous hearings, we have heard stories from small business owners who have been the victims of cyber attacks. We have also heard dire warnings from cybersecurity experts about the new and varied cyber threats facing America s 28 million small businesses all across the country. There is no doubt that the information technology, or IT, revolution has provided small businesses with new tools and opportunities to compete in the global economy. However, we must be mindful that as small businesses use this technology, the risk of a foreign cyber attack has increased dramatically. According to a recent report by Verizon Enterprise, over 70 percent of cyber attacks occurred in businesses with fewer than 100 employees, so small businesses. As we have heard many times, even one cyber attack can be devastating for small businesses, making prevention and protection absolutely critical. A 2014 survey from the National Small Business Association estimated the average cost of a cyber attack on a small business to be over \$32,000,...

Reviews

This pdf may be really worth a read, and superior to other. It generally does not price too much. Once you begin to read the book, it is extremely difficult to leave it before concluding.
