Atlas of Clinical Surgery, Vol. 1: With Special Reference to Diagnosis and Treatment for Practitioners and Students (Classic Reprint) (Paperback)

By Ph Bockenheimer

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Atlas of Clinical Surgery, Vol. 1: With Special Reference to Diagnosis and Treatment for Practitioners and Students Those who are acquainted with the history of medicine know that, even in ancient times, it was sought to represent pictures of diseases by the aid of plastic art. No wonder then that, at the present day, when medicine has made such great progress in all domains, we take advantage of all measures which may facilitate the study of morbid conditions. The rich material of can Bergmann s clinic, which has been placed at my disposal, renders it possible to give plastic representations of all surgical dis eases which are suitable for reproduction in this way. The models were executed with the greatest skill by F. Kolbow in the pathoplastic institute at Berlin, and have proved of much value in the teaching of clinical surgery. The models have been reproduced by the four color process, which gives a more natural appear ance than can be obtained in reproduction by water colors. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books....
