

16-Hour Structural Engineering (SE) Practice Exam for Buildings

By Schuster PE, Joseph S.

Professional Publications, Inc., 2014. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: The Most Realistic Practice for the SE Exam 16-Hour Structural Engineering (SE) Practice Exam for Buildings contains two 40-problem, multiple-choice breadth exams and two four-essay depth exams consistent with the NCEES SE exam's format and specifications. The two morning breadth sections (vertical forces and lateral forces) and the two afternoon depth sections (vertical forces and lateral forces) prepare you for all four components of the exam. Consistent with the actual exam, the multiple-choice problems in 16-Hour Structural Engineering (SE) Practice Exam for Buildings require an average of six minutes to solve, and the essay problems can be solved in one hour. Enhance your time-management skills by taking each exam section within the same four-hour time limit as the actual exam. The solutions to the depth exams' essay problems use blue text to identify the information you will be expected to include in your exam booklet to receive full credit. The supplemental content uses black text to enhance your understanding of the solution process. Comprehensive step-by-step solutions for all problems demonstrate accurate and efficient problem-solving approaches. Solutions also frequently refer to the codes...

Reviews

It is great and fantastic. I have go through and i am sure that i will likely to study again once again later on. I am just easily could possibly get a enjoyment of looking at a published book.

-- **Tad Stanton Sr.**

This publication is really gripping and exciting. It really is basic but unexpected situations in the 50 % in the book. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Prof. Salvador Lynch**
