This info-packed guide lets users get right down to work by focusing on the Illustrator CS4 features they're most likely to use and showcasing each in a stand-alone tip--complete with a relevant hint or two and a graphic example. In this fashion, readers learn just what they need to know, exploring the program in a way that makes sense to them. Before they know it, users will be using all the new features as well as creating symbols and applying instances and exporting their work to Adobe Flash. 245 pp. Englisch.
