Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Get Rich How to Build Legacy Wealth Through Professional Experience and Proven Methods Have you ever been told that money can't buy happiness? I have, and I've even tested this theory many times. I don't like this quote for a couple reasons. For one, everyone defines happiness a different way. My happiness may not be the same as your happiness, and thus can't be compared. Two, many of the individuals saying this don't have the means to test this claim. For me, it's more than just buying happiness. It's the financial freedom; the not worrying about what bills I have to pay and when; the feeling of accomplishment when I buy that fancy car or house that is clearly too big for my own good. It's that feeling when others look at you and instantly know you hit your goals and are successful. For me, that's what money buys, and that's what being rich is all about. In this book, you will learn: How to start a business How to buy a franchise The power of passive income How to make money online and from home Why procrastination is killing your wealth How to manage people The different management styles How to get things done right the first time Tips and tricks to become an effective leader Get your copy of **Get Rich: How to Build Legacy Wealth Through Professional Experience and Proven Methods** and begin that journey towards financial freedom today!.
