

## Geographical Inquiry and American Historical Problems (Hardback)

Filesize: 5.64 MB

### **Reviews**

*This publication may be worth purchasing. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.*

Stanford University Press, United States, 1992. Hardback. Condition: New. Anniversary. Language: English . This book usually ship within 10-15 business days and we will endeavor to dispatch orders quicker than this where possible. Brand New Book. The twelve essays in this volume re-examine a handful of perennial problems in American history from a geographical point of view. From this perspective there emerges a series of reinterpretations of the central processes that defined the American experience, whether of colonization, of regional development and sectionalism, of slavery and freedom, of urbanization and industrialization, or of working-class history. The essays encompass the first three centuries of American history, beginning with the nightmarish world of disease and death that was early Virginia and ending with the melancholy demise of socialism early in this century. Geography's mission is to comprehend changes on the earth's surface, and toward that end, geographers ponder the interactive effects of nature and culture within specific locations and times. This entails connecting human actions (historical events) and specific coordinates of place and region (locational inquiry). Most of the essays in this volume employ the variant of ecological inquiry that the author calls the staple approach, focusing on primary production (agriculture, forestry, fishing) and its societal ramifications. Locational inquiry queries the spatial distribution of historical events: Why was mortality in early Virginia highest in a small zone along the James River? Why did cities flourish in early Pennsylvania, Massachusetts, and Carolina and not elsewhere along the Atlantic seaboard? Why was Boston the vanguard of the American Revolution? The book's first four essays, on the colonial period, reinterpret American colonization and regional development. The second four essays unravel the causes of sectional differences in the north and south during the early national and antebellum periods. The next three essays shift...
