Reviews

It is one of my personal favorite books. It is one of the most incredible ebooks I have ever gone through. You will not feel monotony at any moment of your own time (that's what catalogues are for relating to if you ask me).

Faber Music Ltd, United Kingdom, 2007. Paperback. Condition: New. Language: N/A. Brand New Book. Based on the high school subcultures of 1950s America, it takes its name from the tough guy working-class greasers of the era. The musical, set in 1959 in fictional Rydell High in Chicago, tackles such social issues as teenage pregnancy and gang violence; its themes include love, friendship, teenage rebellion and sexual exploration during adolescence, and, to some degree, class consciousness/class conflict. This songbook provides vocal selections from the stage version.
