Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Jack Gillen is an astrologer and a genius, and considered by many to be a modern-day Nostradamus. In this revised and updated edition of The Key to Speculation on the New York Stock Exchange, he identifies the planetary cycles that drive the market. The result is on-target predictions in stock market trends. Backed by his many years of research, Jack presents a fascinating view of the New York Stock Exchange, panics and crashes, death and illness of world leaders, accidents and their effect on the Dow-Jones, and the year-end rally. He also outlines the astrological basics used in analyzing corporate charts and in making Dow-Jones predictions, and explains the importance of sensitive degrees of the Sun and Moon. All of this and more is explained in easily understood layman s terms, making this book an invaluable asset for anyone who wants to profit from the stock market. During his career as an astrologer, Jack Gillen has written 48 books and countless articles and other publications. He was the first to present computer software on a hand-held computer as a tool for seminars on horse and greyhound racing, sports, commodities, stocks and lotteries. He was the first to do a national television special, and had his own radio talk show, AstroView, on The Talk-America Radio Network. In the 21st century, his predictions continue to be as accurate as they were in the 20th century.
