CSS gives you control over the appearance of your Web sites by separating the visual presentation from the content. It lets you easily make minor changes to a site or perform a complete overhaul of the design. In CSS Web Site Design Hands-On Training, you'll start with a review of CSS essentials, learn to build effective navigation and page layouts, and then move on to work with typography, colors, backgrounds, and white space. The included CD-ROM is loaded with classroom-proven exercises and QuickTime training videos, and real-world projects take you through the Web page creation process, one step at a time. 441 pp. Englisch.
