NUKLEARMEDIZIN / NUCLEAR MEDICINE

To save **Nuklearmedizin / Nuclear Medicine** PDF, you should access the button under and download the ebook or gain access to other information which are relevant to NUKLEARMEDIZIN / NUCLEAR MEDICINE book.

Springer Dez 2011, 2011. Taschenbuch. Condition: Neu. Neuware - Die nuklearmedizinische Funktionsdiagnostik wird durch den Einsatz von zyklotron produzierten Radionukliden in der Zukunft wesentlich beeinflusst und erweitert. Gerade zu dem Zeitpunkt, zu dem dieser Band erscheint, sind sowohl aus technischer, als auch aus medizinischer Sicht bedeutende Entwicklungen im Gange. Die Produktion der positronen-strahlenden Radionuklide, die Synthesen von Radiopharmaka, sowie ihre Qualitätskontrolle sind dabei ein Faktor. Andererseits muß durch eine aufwendige Geräteentwicklung zur Messung und Darstellung des Radiopharmaka-Stoffwechsels die Möglichkeit geschaffen werden, daß nuklearmedizinische Zentren ihre bisherigen großen Erfahrungen in die Funktionsanalyse einbringen können. Das wesentliche für die Diagnostik ist, die Funktion einzelner Organabschnitte bildhaft darzustellen, dies dreidimensional und quantitativ. Die Entwicklungs- und Erprobungsphase für die Anwendung der Emissionstomographie ist noch nicht beendet. Dieser Band beinhaltet dies und gibt einen Einblick in die gesamte Problematik. H. HUNDESHAGEN Hannover Preface Functional diagnosis employing nuclear medicine will in the future be influenced and extended through the use of radionuclides produced in a cyclotron. Just as this book is being published, developments are taking place which are significant from both technical and clinical points of view. Examples are the production of radio nuclides emitting positrons, the synthesis of radiopharmaceuticals, and the supervision of the quality of the latter. On the other hand, it is necessary for equipment to be developed in order to measure and depict the metabolism of radiopharmaceuticals, in order to let the centers for nuclear medicine contribute their great experience to the analysis of function. 580 pp. Englisch, Deutsch.
