Createspace Independent Publishing Platform, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.A computer virus with the ability to program one person to kill another has gone missing. Andrea Andy Parker, struck and left for dead by a hit and run driver on her way to the church - on her wedding day - is slowly recovering, but at what cost? Plagued by nightmares and secrets she can't share, is Andy going crazy or is it all in her head? Katy Oliver, beaten almost to death in a dark alley, remains in a comatose state to this day. It's been years; is there any possible way she can return to the land of the living, or will her loved ones be forced to call it quits? Tom Oliver, Katy's brother and Andy's fiance, is stretched to the breaking point. Caring for both ladies is taking its toll, and holding it together becomes more difficult with each passing day. Will things start to go right for him, or is a mental breakdown in his near future? Seemingly random members of the community try to come to grips with haunting secrets and frightening memory losses of their own. Could there be a connection? Karma, in all its glory, returns to Aspen Grove and brings along its own brand of justice in Ripples of the Boomerang, the much anticipated sequel to The Boomerang Effect.
