## BIOINFORMATICS

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Biologist Manual | Bioinformatics provides both the platform technologies that enable scientists to deal with the large amounts of data produced through their biological experiment as well as the approach to interpret these data. Bioinformatics tools can be applied from single cells to whole ecosystems and give the modern scientists new skills. Those skill enabled modern biologist to gain better insight in the complexity of cell biology and genomics, understanding the genotype-phenotype...
