# C Programming for the Absolute Beginner

By Michael Vine, Keith Davenport

Cengage Learning, Inc, United States, 2014. Paperback. Book Condition: New. 3rd Revised edition. 229 x 185 mm. Language: English . Brand New Book. Many students of C will rightly admit that it s not an easy language to learn, but the professional insight, clear explanations, examples, and pictures in the Cengage Learning for the Absolute Beginner series make learning C easy and fun. Programming is not a skill you can acquire by reading; you have to write programs to learn. That s why each chapter in this book contains programming challenges, a chapter review, and a complete program that uses chapter-based concepts to construct an easily built application. With the guidance in this book, you ll learn how to create algorithms and pseudocode to think through and design programs; translate your designs and plans into working C programs; write, compile, test, and debug your code; use data types, arrays, pointers, strings, file operations and more to create robust programs.
