White Crow Books. Paperback. Condition: New. 528 pages. Dimensions: 9.1in. x 6.0in. x 1.3in. Did Moses turn rods into serpents? Does Uri Geller bend spoons? Did Socrates and Joan of Arc have spirit guides? Did Daniel Home levitate? The 1970s provided a striking revival of interest in the paranormal which has continued unabated into the twenty-first century. Telepathy, ESP, clairvoyance, premonitions, and psychokinesis - the action of mind upon matter - it was not long ago that orthodox opinion, both scientific and religious, rejected the possibility of such things out of hand. Today, their reality has been demonstrated and tested in laboratories all over the world and the results are published in serious scientific journals. *Natural and Supernatural* is the first full survey of the subject for over a century. With scrupulous thoroughness and a wealth of extraordinary detail, Brian Inglis presents his evidence, drawing on anthropological studies of primitive tribes and records of classical antiquity and taking his story to the outbreak of the First World War, when the first phase of scientific psychical research came to an end. He pays particular attention to the work of the mesmerists and of the early psychical researchers in the last century. He deals, too, with related aspects such as hauntings, poltergeist outbreaks, scrying and dowsing. Contrary to popular belief, the evidence for psychic phenomena and non-locality, and the mass of material available to researchers is huge. Inglis meticulously sifted the genuine from the false, singling out such episodes as may reasonably be identified as historical and allowing the reader to make up his own mind, on the basis of the fullest and soundest knowledge, whether to accept paranormal phenomena or not. If they are accepted - and informed opinion is more and more moving that way - then a real...
