More than just a book about tidying up, this is a tough-love pep talk for American families. In the pages of ClutterFree Revolution, we meet Hope, a forty-something mom who fantasizes about living a more intentional life with less clutter (both literal and figurative). Through her inspiring transformation, we discover how a simple three-step process has the power to shift our paradigm around our things, and deliver a more rewarding life with far-reaching impacts beyond our own homes and families. ClutterFree Revolution is not just another how-to-organize book, it is a conscious consumers manifesto - an invitation to a life-transforming paradigm designed to remind us what matters most, and that is: who we love, what we do, how, and why we live - because everything else is just stuff. ClutterFree Revolution delivers the simple strategies to simplify your stuff, organize your life and (yes) save the world. ClutterFree Revolution does more than demystify the complexity of our stuff - it guides us through an honest conversation...
