FASTING FOR THE CURE OF DISEASE

Theclassics.us, United States, 2013. Paperback. Book Condition: New. 244 x 183 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1908 edition. Excerpt: . conjunction with the inflammation, bacteriologists have discovered a coccus known as the Diplococcus Fraenkel, and named for the scientist who first separated and classified the germ. This organism, also, is always found in the lungs in acute pneumonia, and there seems to be a close relation between the two disease symptoms, at least in some of their forms. When first attacked, the signs are nausea, headache at the base of the brain, and fever that may at once leap to 104 or 105 degrees. The pulse is variable but more often slow. In the so-called epidemic form a skin eruption is one of the features. The progress of the conditions is rapid, and in acute cases from three to five days mark its limit. Even in the earlier stages there is delirium, and in the later ones coma ending in death occurs. Medical treatment calls for nutrition every three or four hours, either in the natural way or per rectum. Hot applications to the extremities are used to keep the blood from the head, and bleeding was formerly resorted to, though it is forbidden today. Drugs for allaying pain and delirium are also brought into play, but no specific has been found in all materia medica, nor ever will be. However, the remedy exists, as it does for all disease, when vitality has not been permanently clogged in its transfer by abuse and maltreatment. The moment that disease is recognized in its true...
