Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The March to the Sea: Franklin and Nashville The class of readers which has been most in the author's mind in preparing the two volumes assigned him in the series, is that which includes the surviving officers and men who served in the late war. His aim has been to supplement their personal knowledge by the facts which are within the reach of recent research, and to give unity and symmetry to the history of the campaigns here told, by examining each in the light of the plans and purposes of the leaders on both sides. The limits assigned to the volumes have made it necessary to choose between the narration of incidents which would enliven the story, and that fulness of strictly military detail which seemed necessary to make the several campaigns clearly intelligible, and to enable the reader to judge, with some degree of satisfaction, the character of the operations. The former course would perhaps have made the work more popular, but the latter has seemed likely to make it more useful and to meet the wishes of those for whom it has been chiefly written. It is still hoped, however, that the general reader will not find it difficult to follow the movements described, and that the effort to do so will give to such a broader understanding of what the great game of war really is.
