PLANET POTTY (PAPERBACK)

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Planet Potty is a fictional book written to take potty training to a new and fun level. As a young father, spending money on diapers was rough, but not as rough as those boring potty training books on the market today. I wanted it to be fun, not so much educational. Planet potty will help the child interact with the characters and help them on their journey, at the same time introducing them to the bathroom. Hopefully, through my book parents like myself can save money on diapers and possibly not pull their hair out during the potty training process. Imagination is more important than knowledge. For knowledge is limited, whereas imagination embraces the entire world, stimulating progress, giving birth to evolution. - Albert Einstein.
