Dog Ear Publishing, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.From years before Roe v. Wade and to this day, not enough has been said about the families torn apart because they didn't have a choice in pregnancy and birth. Even now, the topic is still a big part of most political campaigns. Lynda is pro-abortion and stands by her belief that no one should control what a woman can and cannot do with her body. She lived without a choice, and her life has been forever changed. Laura is a happy child growing up sheltered and innocent in the loving embrace of her two middle-class parents. She grows up during the time of America's greatest economic growth and becomes a teenager when Americans are just learning of Vietnam and the Beatles. One summer while working at a neighborhood store with her best friend, she meets Bobby, the boy of her dreams. Laura's innocence soon disappears as she finds herself pregnant and unwed at the age of sixteen. Her family's life is thrown into turmoil. Laura is forced to give up the baby for adoption. Her parents shun her and her best friend is forbidden from seeing her. Laura must attend school while trying to hide her shame and the evidence of her love for Bobby. She is trapped, with no support, no one on her side. She is left alone with only her thoughts and the child growing inside her for company, dreading the day when she must give him up. Years later, Laura plans to find happiness by marrying and starting a new family. As the months pass and Laura's marriage remains childless, the memory of having to give up her first child tears at...
