Reviews

A must buy book if you need to adding benefit. I could possibly comprehended every little thing using this created e publication. I found out this book from my dad and i encouraged this pdf to understand.
(Georgianna Gerlach)

CATHEDRALS OF GLASS: A PLANET OF BLOOD AND ICE (HARDBACK)

To the Stars, United States, 2017. Hardback. Condition: New. Language: English . Brand New Book. From the New York Times bestselling author of Steeplejack and co-author of Sekret Machines: Chasing Shadows with Blink-182 s Tom DeLonge, comes a smart, gripping and atmospheric science fiction thriller--the Cathedrals of Glass saga. Deviance is unattractive and jeopardizes all we hold dear. Ten teenagers broke behavioral law. Sentenced to be reeducated on the moon of Jerem, they were placed in stasis on the automated ship Phetteron for their six day journey. They never reached their destination. Home looks after its own. Thrown off course by a computer malfunction, the Phetteron is damaged in an asteroid belt and crash lands on the uninhabited ice planet of Valkrys. Having spent their lives in temperature controlled environments, consuming nutrient supplements, and interacting with people mostly through the infonet, the teens are unprepared to depend on each other to face the harsh, hostile, and hellish landscape. Home will send a rescue party long before their meager supplies run out. No contrary positions are viable. Sola was a roamer. She wandered the city after curfew, reveling in the freedom of being disconnected from the techgrid and embracing the joy of physical activity. For those actions, Home declared her deviant. But on Valkrys, her deviance is an asset that may be the teens only hope for survival. As Sola explores their strange new world, she discovers that she and her shipmates are linked by something more frightening than their subversive behaviors--and uncovers a truth about the planet the authorities at Home wanted buried. Valkrys is not uninhabited. And what lives there is predatory.
