Seven Lectures on the Philosophy of Life, and the Art of Preserving Health (Classic Reprint) (Paperback)

By C W Gleason

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Seven Lectures on the Philosophy of Life, and the Art of Preserving Health The inanimate worlds move and gravitate, and are chemically changed from form to form. The animate worlds live and reproduce their kind, and die, in obedience to fixed and unchangeable laws. These laws the intellect of man can discover and understand, and thus render his dominion co-extensive with his knowledge. So far as we understand the laws of nature, we can bring all substances governed by them beneath their action, and thus produce the results which we desire. So far as we understand the Creator's laws, he invests us with his power. When knowledge enables us to speak as with the booming tongue of lightning across a continent, is it not the same as though we had power to call down the swiftest angel from heaven and send him abroad as the messenger of our thoughts? When a knowledge of the sciences of astronomy and navigation enables us to leave any port we please on this side of the globe, and thread our...

Reviews

Extensive manual! Its this type of great read through. This can be for all who state there was not a worth reading. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Dr. Furman Becker V**

Extensive guideline! Its this sort of very good go through. I have got read and i am confident that i will gonna read through once more once more in the future. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Joana Champlin**
