Arizona Business Alliance, United States, 2014. Paperback. Book Condition: New. 3rd. 234 x 190 mm. Language: English . Brand New Book ***** Print on Demand *****.Designed for beginners and intermediate developers, this book helps you come up to speed as quickly as possible with using the Struts 2 framework. It delves deeply into the core of the Struts 2 framework, providing a sound understanding of the components that make up the framework and the way they interact with each other. This book uses an application-centric approach. The development of an application drives the Struts 2 exposure and not the other way around. An application is defined which is build throughout the book. Most [if not all] of the code spec and snippets that you will find in this book are a part of the application. Finally, two web based projects are developed to re-enforce all the learning that took place throughout the book. This will definitely help developers to quickly get started with building real-world Web applications using the Struts 2.0.x as well as Struts 2.1.x framework. Topics Covered in the Book All About The Struts 2 Framework Fundamentals Of Struts and Struts 2, Architecture of Struts 2, Struts 2...
