

Coins and Medals

By George Francis Hill

BiblioLife. Paperback. Condition: New. This item is printed on demand. 64 pages. Dimensions: 8.0in. x 5.0in. x 0.1in. From the time of its invention, in the eighth century B. C. , down to the present day, coinage that is to say, metallic currency supplies to the student of history evidence of different kinds and of varying value. The earlier the period the more useful, in one way, we may expect to find the coins, for the simple reason that other contemporary records are scarcer than in a later age. The coins may, indeed, be the sole evidence bearing on the question under consideration. On the other hand, on account of this very scarcity of contemporary materials for comparison, the farther back we go the more difficult it becomes to interpret the coins themselves, to date them, to say where or by whom they were issued, to explain the meaning of their types. The study of numismatics does not fall behind any other branch of historical research in its demand for caution and clearness of judgment. (Typographical errors above are due to OCR software and do not occur in the book.) About the Publisher Forgotten Books is a publisher of historical writings,...
