

Teachers Geography: Man and Climate (Classic Reprint)

By Mark Jefferson

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Teachers Geography: Man and Climate These notes are planned to facilitate the work of the Teachers course for the student by putting in his hand a statement of principles that will be amplified and illustrated in the class room, and formulating the illustrative exercises he is to perform. The work is a Teachers Course in the State Normal College. That means that it is 12 weeks of work thought essential to the professional preparation of the teacher who can give but one term to this department. The time period is not deliberate choice, but traditional. The 12 weeks course is our unit. Given that unit it has seemed most prudent to subdivide the professional work into: 1 The Teachers Course, and 2 Regional Geography; (a) Geography of America, (b) Geography of Europe. We wish our students to have a modern point of view in geography. We have therefore to treat of the principles involved in modern doctrine on the subject. The time limitation narrows this course to a portion of the subject matter; the distribution...
