

## On Architecture: Bks. I-X (Paperback)

By Vitruvius

Dover Publications Inc., United States, 1960. Paperback. Condition: New. Language: English . Brand New Book. Marcus Vitruvius Pollio, a Roman architect and engineer flourishing in the first century B.C., was the author of the oldest and most influential work on architecture in existence. For hundreds of years, the specific instructions he gave in his Ten Books on Architecture were followed faithfully, and major buildings in all parts of the world reveal the widespread influence of his precepts. According to the Encyclopedia Britannica, he was the chief authority studied by architects, and in every point his precepts were accepted as final. Bramante, Michelangelo, Palladio, Vignola, and earlier were careful students of the work of Vitruvius. His book is thus one of those rare works that have been supremely important in the creation of the greatest art masterpieces. Vitruvius describes the classic principles of symmetry, harmony, and proportion in architecture; the design of the treasury, prison, senate house, baths, forum, and temples; the construction of the theater: its site, foundations, and acoustics; the proper style and proportion for private dwellings; the differences between the Ionic, Doric, and Corinthian styles; methods of giving durability and beauty to polished finishings; and many other topics...
