Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Speech Training in the School I shall endeavour in this book to indicate the various points to which we must pay attention in our Speech Game, taking each in the order which I consider most helpful. I shall, moreover, hope to present lessons, which, by the introduction of slight changes here and there, may be applied to pupils of various ages. The main faults which we observe in the speech of adults and children in this country are: 1. Poor quality and quantity of tone. 2. Mis-shapen and badly pronounced vowels. 3. Thick, muffled utterance. 4. Lack of muscular activity of lips, tongue and jaw. Now, if we look into the matter, we shall realise that to remedy the first fault we must achieve good breathing capacity and control, and the power to use our resonators correctly. To cure the second fault, it is obvious that the teacher must be able both to teach and to illustrate by her own speech the right shaping and the correct pronunciation of English vowels and diphthongs.
