Policy Press. Paperback. Book Condition: new. BRAND NEW, Lone Parents, Employment and Social Policy: Cross-national Comparisons, Jane Millar, Karen Rowlingson, Ruth Lister, Policy makers across the world are confronting issues relating to lone parents and employment, with many governments seeking to increase the participation of lone parents in the labour market. This book is based on an analysis of provisions within particular countries, examining whether and how policies support and encourage employment, and drawing out policy lessons. The countries examined are the UK, US, Australia, France, the Netherlands and Norway. Unlike other studies which have considered this issue, this book includes both country-specific chapters and makes thematic comparisons across countries. Chapters are written by leading experts on lone parenthood in each country. "Lone parents, employment and social policy" is aimed at students in social policy, sociology, human geography, gender and women's studies, as well as policy makers and practitioners in the field of lone parents and employment. It will be of interest to those who want to know more about these policy developments but also to those interested in broader issues about gender and welfare states.
