This item is printed on demand - Print on Demand Neuware - Research Paper from the year 2011 in the subject Medicine - Epidemiology, grade: -, - (-), course: -, language: English, abstract: The main objective this study was to find out the level of knowledge and awareness of youths in secondary schools on HIV/AIDs as one of the objectives in achieving the Kenya National HIV/AIDs communication strategy. Adopting a survey design, qualitative techniques, questionnaires, interviews and documentation, a sample of 996 was selected from a target population of 8,354 students. The study was based on a theoretical and conceptual framework with key concepts derived from Harold Lasswel theory of 1948, which has been developed to Modern Communication Theory.
