Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Square Foot Gardening - Growing More In Less Space is for anyone who wants to grow more from less space using a high yield gardening method that is simple to follow. Undoubtedly you garden the traditional way already, perhaps you even have some raised beds. What if you could increase the amount of fruits and vegetables you harvest from that space without having to increase the amount of work you need to do? In fact, what if you could reduce the amount of time it takes to look after your vegetable garden? This is where square foot gardening comes in to its own. This system allows you to densely plant vegetables and produce high yields in low maintenance beds. It does sound amazing and it really is when you get into it. I wrote this book to explain how square foot gardening can benefit you and how you can build your own square foot garden from scratch; it s simpler than you think! This simple, step-by-step guide will tell you everything you need to know to build a square foot garden and reap the benefits from it. When you read this book you will get helpful tips and advice designed to help you make the most from this unique method of gardening. In Square Foot Gardening - Growing More In Less Space you will discover: What Is Square Foot Gardening - learn exactly what a square foot garden is and the principles behind it The Benefits of Square Foot Gardening - find out why you need a square foot garden and how much it will benefit you Planning a Square Foot Garden - step by step guide to planning...
