LOVE AND HAPPINESS IN A RELATIONSHIP

CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 96 pages. Dimensions: 8.0in. x 5.0in. x 0.2in. The concept of man and woman as a dynamic holistic polarity and unity has an archetypal value. Love alone is never enough. Love alone is destructive, possessive, like a labyrinth without exit. A man and a woman living together, decided as a common course for life, reflects highest archetypes. In such a relationship both are in a process of holistic development with mutual learning processes. The polarity of masculinity and femininity is established naturally in the genes, also in the mind. The quality of a relationship depends on the way both develop this polarity for living and completeness. Without profound self-knowledge, man and woman can't evolve and have unbalanced character traits. This book prepares women and men for an evolving relationship and love, free from delusions. This item ships from La Vergne, TN. Paperback.
