We know that carbohydrates are the body s preferred source of fuel. Once You decide to stop eating carbohydrates, Your body will need more energy, thus will try to find and stimulate new sources of energy. As a result, we get a ketone body, which is an alternative source of fuel produced in the process of ketogenesis. Ketone body is a universal source of energy that can be used by almost every group of cells in your body. If You are still considering whether this diet...
