

The Nature of the Judicial Process (Paperback)

Filesize: 5.25 MB

Reviews

Here is the finest publication we have read right up until now. It is actually written in easy words instead of difficult to understand. It has been written in a remarkably easy way in fact it is only right after I finished reading this book in which basically changed me, modified the way I really believe.

(Prof. Vanessa Smitham V)

THE NATURE OF THE JUDICIAL PROCESS (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The Nature of the Judicial Process reflects the profound intellect of one of the most highly regarded jurists in American history. Despite its age, Justice Cardozo s classic treatise provides insights into the real workings of the judicial decision making process that remain relevant to a modern analysis of American jurisprudence. His exploration of the motivations, ideals, and even prejudices of judges serves to demystify this crucial aspect of the legal system. His insights into legal realism provide an appreciation of this judicial approach and offers an understanding of its underlying rationale, as well as an argument for its continued utility for modern jurists. Most importantly, he strives to make the judicial process comprehensible and, even, approachable to the non-practitioner of law, as well as law students, thus attempting to make public law, truly, public. The book is a good introduction to law and its processes--and one of the best short books ever written about judicial philosophy.
