Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Bilingual. Language: English . Brand New Book ***** Print on Demand *****. While in school, we learnt stuff we probably don't use today. However, language is essential to almost every aspect of the human condition. How do you expand your business beyond your continent for more sales? How are you going to express your love for that femme fatale that just walked past? How do you get directions to a hotel, from the Gare du Nord? With the knowledge of language, that's how. This book contains a lexicon of some of the most used words in everyday French conversation. It makes use of the age old learning techniques of repetition and rote memorization, in an attempt to condition the brain for learning French as quickly as possible. In addition, an auxiliary feature called story mode has been included to aid the reader in a test for comprehension. Finally, it should be noted that while this book will aid in a visual recognition and comprehension of words in the French language, students must also have an understanding of their proper pronunciations. To help with this, there is an accompanying audiobook that will be made available, in order to enable listening lessons. And so, from the beautiful city of Paris, the city of love and all things fashionable, we present to you, The Simplest Way To Learn French.
