A Dictionary of Biology (Paperback)

By -

Oxford University Press, United Kingdom, 2015. Paperback. Condition: New. 7th Revised edition. Language: English . Brand New Book. Fully revised and updated for the seventh edition, this market-leading dictionary is the perfect guide for anyone studying biology, either at school or university. With more than 5,500 clear and concise entries, it provides comprehensive coverage of biology, biophysics, and biochemistry. Over 250 new entries include terms such as Broca's area, comparative genomic hybridization, mirror neuron, and Pandoravirus. Appendices include classifications of the animal and plant kingdoms, the geological time scale, major mass extinctions of species, model organisms and their genomes, Nobel prizewinners, and a new appendix on evolution. Entry-level web links to online resources can be accessed via a companion website.

Reviews

It is an incredible publication that we have actually read through. It is among the most incredible pdf i actually have study. I am just pleased to let you know that here is the very best pdf i actually have study in my personal lifestyle and could be the greatest book for possibly.

-- **Ms. Linnea Medhurst I**

This book might be worthy of a go through, and a lot better than other. it had been written really properly and helpful. You may like just how the author wrote this publication.
