By Discovery Channel, James Buckley

Turtleback Books, 2015. Hardback. Condition: New. Bound for Schools Libraries ed.. Language: English . Brand New Book. Did you know that the praying mantis has only one ear? That slugs have 27,000 teeth? Or that only female mosquitoes bite? Discovery Bugopedia is the ultimate illustrated guide for kids who are curious about the creepiest, crawliest, coolest creatures on earth! With more than 400 incredible images throughout, this amazing book includes insects from ants to wasps, plus other creatures that share their world like spiders and worms. Insects up close have some of the most beautiful coloration in the animal world, and even the grossest bugs are fascinating to look at. Special sections explore topics like insect bodies and how they work, habitats, extreme behaviors, record breakers, bugs that people eat, how insects can help us, and much more.

Reviews

A must buy book if you need to adding benefit. it was actually writtern quite perfectly and beneficial. You wont really feel monotony at anytime of your time (that's what catalogs are for regarding in the event you question me).

An exceptionnal ebook along with the typeface employed was intriguing to see. It really is simplistic but surprises within the fifty percent of the ebook. It is extremely difficult to leave it before concluding, once you begin to read the book.
