Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from **Frazer s Theories: Embracing the Cause of the Attraction of Gravity, and Cohesive Attraction; Together With an Explanation of the Principles of Electricity** The publication of this little book has been delayed, from time to time, through diffidence of the author, and would be delayed still longer, were it not for the urgent request of many who have become partially acquainted with his theory and wish to understand it thoroughly. There being no better method by which they can be gratified, (the author having ceased travelling and lecturing on the subject, ) he ardently wishes (and almost without hope, ) that they may not be as badly disappointed in their anticipations concerning this work as the little Philosopher was when he cut open his father s bellows in search of the wind, and found for his trouble the displeasure of his parent.
