Orbit, 2018. Paperback. Condition: New. Language: English . Brand New Book. When the small crew of ex cons working on Mars start getting murdered, everyone is a suspect in this terrifying science fiction thriller from bona fide rocket scientist and award winning-author S. J. Morden. It's the dawn of a new era - and we're ready to colonize Mars. But the company that's been contracted to construct a new Mars base, has made promises they can't fulfill and is desperate enough to cut corners. The first thing to go is the automation . . . the next thing they'll have to deal with is the eight astronauts they'll send to Mars, when there aren't supposed to be any at all. Frank - father, architect, murderer - is recruited for the mission to Mars with the promise of a better life, along with seven of his most notorious fellow inmates. But as his crew sets to work on the red wasteland of Mars, the accidents mount up, and Frank begins to suspect they might not be accidents at all. As the list of suspect grows shorter, it's up to Frank to uncover the terrible truth before it's too late. Dr. S. J. Morden trained as a rocket scientist before becoming the author of razor-sharp, award-winning science fiction. Perfect for fans of Andy Weir's *The Martian* and Richard Morgan, *One Way* takes off like a rocket, pulling us along on a terrifying, epic ride with only one way out.
