Reviews

This sort of pdf is everything and made me searching forward plus more. Better then never, though i am quite late in start reading this one. You may like just how the author compose this book.

(Mae Jones)

THE GOD OF LOGIC: A DEDUCTIVE DEBUNKING OF UNSCIENTIFIC ATHEISM (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. JUST EXPANDED AND RE-ISSUED under the title: God vs Darwin, by M S King / See Amazon Search ***** Ever since its inception, the edifice of Evolutionary Darwinism has rested upon a foundation of sand, propped up solely by media hype and extreme intellectual bullying. With the release of The God of Logic: A Deductive Debunking of Unscientific Atheism , the bullies have met their match in the person of investigative author, Michael S. King. In clear, concise and very easy to digest language, The God of Logic utilizes the basic rules of Socratic reason and logic to inquisitively press upon the multiple weak spots and classic logical fallacies of what King refers to as Unscientific Atheism. Unique, informative, funny, and packed with illustrations, King s idiot-proof devastation of Theoretical Science will have the Unscientific Atheists scurrying back under the slimy rocks from which they believe we all came from. Says Patricia L. from Long Island: King s excellent page-turning treatise makes a monkey out of Darwin and defines the Supreme Intelligence that moves the Universe; as best as we can understand it anyway. 5 HUGE Stars!.
