Jeffery takes us from the false ghostlike Spiritual images we grew up with, to the reality of the POWER available to us in our individual Spiritual Quanta (energy). His studies and discoveries in physics lead him to the realization that just because you cant see this Spiritualpower with your eyes, the results are unmistakable. Research in Quantum Mechanics has lead to the harnessing of the unseen energy in the sub-atomic world. These scientists arent able to see or measure these tiny particles, but they are able to know the results they bring about. These powerful results come from energy they cant see or measure. We even use some of these findings in our everyday life, like the microwave oven, satellites, computers, and many other ways. Without changing your own personal belief system, Jeffery will show how to discover the unseen power available to us in our Spiritual energy (quanta). These are basic Spiritual laws that if used, will direct us in finding our own personal path. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
