Creatures who possess powers; some are mythical, others from fairy tales and some emerge from places unknown with powers far beyond our knowledge. In this Magic Dimension there are 17 possible elements that help to rule their world and Elementals are able to control 16 of them. Being an Elemental isn't easy though. It can feel at times that everyone either wants to use you as a weapon or wants you dead. Jason, an Elemental, is on a mission to change that. There's just one problem, he doesn't know how to do that. His elements tell him that there is a person somewhere out in the world that can help him, he just has to find them. Angela, another Elemental, is on her way home when she comes across Jason and his crew, washed up on a stretch of beach shortly after their ship sank. Jason and his men follow Angela to her home to find that her family are the Cravens, the most powerful military family in the dimension and that Angela ranks as third strongest. Can Jason survive Angela's family? With an impending war, will Angela choose to stay behind with Jason or leave to fight with her family?.
